STATUS LETTER

SIR:

REQUEST FOR STATUS OF PATENT APPLICATION

The Attorney's records in the above-identified application indicate that to date the application has not been examined, and that a first Office Action has not been received from the United States Patent and Trademark Office.

The Attorney's records show that the application was mistakenly abandoned by the U.S. Patent and Trademark Office. A Petition to Revive was filed by Applicants' Attorney and the Petition was granted by the USPTO on May 7, 2004 stating that the application was being forwarded to the Office of Initial Patent Examination for further processing. A Notice was mailed by the USPTO stating that the Application would be published on October 21, 2004. It was confirmed through the USPTO Public Pair website that the application was published on October 21, 2004 and given Publication No. US-2004-0205875-A1.

This patent application was filed December 20, 2001, over four years ago, and Applicants request that an effort be made to start the examination.

It is requested that the United States Patent and Trademark Office provide Applicants' Attorney with an estimated date for issuance of a first Office Action.

Respectfully submitted,
PEARSON & PEARSON, LLP
